The Owner / Occupier

Dear Sir / Madam

**CARRIAGEWAY RESURFACING WORK – MIDDLEMEAD, STRATTON-ON-THE-FOSSE**

I am writing to inform you of our forthcoming carriageway resurfacing work upon Middlemead, Stratton-on-the-Fosse. Somerset County Council, as the Highway Authority, have a statutory duty under S41 of the Highways Act 1980 to repair and maintain the highway "in such a state as to be safe and fit for ordinary traffic".

The condition of the existing road surface, as you are no doubt aware, is such that intervention works are required. The road is to be resurfaced to restore its' profile, protect the underlying road foundation from further damage, and restore its skidding resistance.

The process involves the use of a large planing machine to remove the old surface to a depth up to 100mm. This is followed by the laying of new material by a surfacing machine known as a paver. There may be a period between the two operations when it will be necessary for traffic to run upon a temporary surface. During both live operations it will be difficult or impossible for vehicles to pass the machinery.

Due to the width of the road and for the safety of the workforce it will be necessary to close Middlemead to all vehicular through traffic during the works. An alternative route will be signed. Pedestrian access will be maintained. The works will commence on **Tue 09/10/2018 for 1 Day (07:30 - 17:30)**. During these works, we would request that no vehicles are parked on the road. Access to properties within the site and essential deliveries may be accommodated by liaison with the foreman on site.

Any change to the start date or duration of works will be indicated on the advisory signs located on site.

We will endeavour to complete the works as quickly as possible and to achieve this we would ask for co-operation and understanding from the public. Hopefully, by working together, we can successfully overcome any difficulties that may occur.

If you require any further information prior to the works taking place please do not hesitate to contact our Customer Contact Centre 0300 123 2224.

Your opinions and experiences are important to us. On completion of our works I would be grateful if you could complete our short customer survey which we use to develop, enhance and improve our service

Access to the survey is via the Internet: <http://www.smartsurvey.co.uk/s/AT5DW/>

Thank you in anticipation of your patience during these works.

Yours faithfully

AHSM
